

Public Health Home Visits

With the VNA of Cape Cod

The VNA of Cape Cod offers several safety net services separate from the VNA's Certified Skilled Homecare and Hospice services. Contracted towns can refer patients to VNA's Public Health team to receive this short term care at home.

Town Public Health Nurse Visits Include:

- Medication management
- Advanced directives assistance
- Help navigating healthcare
- Liaison for community resources
- Education
- Direct Observation Therapy

Public Health Physical Therapist Visits Include:

- Home safety assessment
- Otago Fall Prevention program
- Help navigating healthcare
- Home exercise programs
- Education
- Liaison for community resources
